### Financial support

To realise the defined goals and projects, **ATLANTIS KV** is reliant on financial contributions from partners and sponsors. While income from the textile department, sponge and cushion production, tourist offerings and other projects can cover most of the running expenses, the company's aim is to grow organically and substantially.

More precisely, the company encounters the fact that each project requires actual expenses starting with wages and work material through to promotional and organisational works. As **ATLANTIS KV** aims to broaden and diversify the range of projects, every single donation helps to realise actual projects, protect the environment and support the Upper Una Valley region.

If you would like to support the project financially, please see below data. The contribution will be used directly for the work of **ATLANTIS KV** in Bosnia. If you would like to know more about the company and its projects, please send a message to [ms.atlantis@t-online.de](mailto:ms.atlantis@t-online.de).
